INTRODUCING

ON LOCATION
Learner-Centered Field Experiences

OVERVIEW

Join us **On Location** to learn with and from other educators across the country. These immersive 1.5-day visits to learner-centered sites offer an opportunity to take in, share back, and make sense of the work as we strengthen our designs and practices together.

These visits are an opportunity to:

- Experience learner-centered education in action
- Build relationships with fellow leaders reimagining education
- Discover practices and ideas you can bring back to your own community
